

Erosion & Sediment Control Design Certification: March 2015

What is an erosion and sediment control (ESC) design certificate?

An erosion and sediment control design certificate is required as evidence that a suitably qualified professional has reviewed the erosion and sediment control program and plans for a project and can verify that the plans meet current industry best practice techniques and will effectively mitigate sediment migration from the project site.

When is an ESC design certificate required?

For any project assessed as having a 'medium' or 'high' risk according to the Erosion Hazard Assessment form, an ESC design certificate is required to be completed and lodged with Brisbane City Council (BCC) at least 10 days prior to the prestart meeting or commencement of site works.

Privacy Statement

The personal information collected on this form will be used by Brisbane City Council for the purposes of fulfilling your request and undertaking associated Council functions and services. Your personal information will not be disclosed to any third party without your consent, unless this is required or permitted by law.

Design Certification Details

1 Site Information

Application number (if known)

Site address

Postcode

2 Erosion Hazard Assessment Risk

'Medium'

Ensure that the certification in Section 3 is made by either a CPESC **OR** a RPEQ

'High'

- Ensure that the certification in Section 3 is made by both a CPESC **AND** a RPEQ, and;
- Complete the ESC inspection certificate (CC11073)

3 Certification

CPESC RPEQ

I/We certify that (Tick)

I am a person with suitable qualifications (RPEQ/CPESC) and have experience in erosion and sediment control and I assume responsibility for the detail of this plan.

This Erosion and Sediment Control plan and program meets current industry best practice requirements and effectively mitigates the potential for soil erosion and sediment pollution to the environment.

I acknowledge and accept that the BCC, as assessment manager, relies, in good faith, on this certification as part of its development assessment process and the provision of false or misleading information to the BCC constitutes an offence for which BCC may take punitive steps / action / enforcement action against me.
